PROJECT: _____

LOCATION: _____

FEATURES

- A timeless design for a classic look.
- Cage constructed of solid aluminum bar stock for strength and rigidity.
- Available with a wide variety of bar configurations.
- Electronic, multi-volt (120/277) ballast is standard.
- All parts are treated with a five stage phosphate bonding process before being finished with a long lasting powder coat finish.
- Acrylic lens for maximum lens uniformity.
- Complies with ADA.
- No visible fasteners.
- Manufactured in the USA.

DIMENSIONS

A 4" octagonal junction box should be used for installation.
